PROFILE

I am a highly motivated individual who is up to any task given, specialising in people skills as well as problem solving skills. I specialise in a range of fields from customer service all the way through to software development and team management. I am a communicative and outgoing person looking for a new challenge.

EXPERIENCE

Kitchen Porter - TGI Fridays (August 2017 – September 2017)

- Washing dishes and helping out in the kitchen when needed

Mindspike Studios (March 2016 – June 2016)

- Developing a small mobile quick reaction – puzzle game, Pixel Tap for Android. 8,747 downloads, 3.1 average rating.
<https://play.google.com/store/apps/details?id=com.MindSpikeStudios.PixelTap>

Upwork – Freelance (November 2015 – June 2016)

- Creating a small 3D American Football game for a client based in Chicago for Android/iOS.

"Jack is a skilled and responsible young man with a bright future. My project was not well organized, but Jack worked hard to add value and come up with solutions. His technical knowledge was very good and he has an excellent work ethic. I would recommend him without hesitation."

- Small Photoshop edits such as masking and blemish removal.

Cleaner – Regus (July 2016 – Sept 2016)

- Keeping office spaces tidy for clients.
- Cleaning communal areas such as kitchens and break rooms.
- Keeping bathrooms clean.

Server – The Golden Fry, Crowthorne (Jan 2015 – Sept 2015)

- Serving high quality fish and chips to customers.
- Cleaning the workspace.

HOBBIES & INTERESTS

I love to keep fit and have been part of a large mountain biking group in my hometown for many years, travelling to Exmoor and Wales for weekend rides as well as local trails. I have a large interest in computers and have had 3 months' work experience in a repair shop during my teens. I also build computers and play video games in my spare time.
